

# MOTHERS COPING WITH THEIR CHILDREN'S CANCER

---

Mothers are invited to participate in a research study to better understand ways of coping with their children's cancer.

Conducted by  
Sarah Hall, M.A.  
Doctoral Candidate in Clinical Psychology  
George Mason University

You are eligible to participate if you have a child living with cancer between the ages of 0 to 12 years old, or had a child who survived cancer, which they had between the ages of 0 to 12. Also, your child must have either undergone medical treatment in the past 5 years, or have ongoing medical complications from cancer, or the treatment of cancer.

Approximately **30 minutes** are needed to fill out an online or paper questionnaire and participants can earn \$10 for completion of the questionnaire.
